

## To our MARSOC Guests:

We hope you enjoyed visiting Keowee Key as much as we enjoyed hosting you. We understand that the time spent with us was precious time away from your family. We invite you to bring them back for a 3-7 day getaway designed with them in mind.

We will arrange for you to use a condo at no cost to you. We will also make kayaks, boats, golfing, tennis and other amenities available at no cost to you.

Most condos are two bedroom units with a full kitchen so you can eat in, or, if you wish, some of the local restaurants will also provide two for one meals.

Except for the cost of gas and food which you would consume at home anyway, your family can enjoy the foothills and beautiful Lake Keowee in our relaxed, casual and stress-free atmosphere.

Sincerely,  
The Board of Directors,  
Communities for Marines  
(Sponsor of "Honoring Their Service")

## About our offer

Although many of the rental properties at Keowee Key are rented regularly, most have times when they are not. The rental property owners are grateful for your service and have agreed to make their rental available to you any time that it is not rented.

We cannot guarantee that a unit will be available when you would like to visit, as other Marine families may already have reservations or all units may be rented during peak times. However, some rental property owners have even indicated they would give you preference if their unit is not already committed.

Rental Properties welcome children but most do not permit pets or smoking (there are plenty of places outdoors if you smoke and most have balconies).

This program is open to all active duty servicemen and women who were our guests at an "Honoring Their Service" event.

## THE CONDOS
